

Our Emerging Offerings
'Differentiators' In-focus

Agenda

1

Dotbits

2

Dotbits@US ; Dotbits@India

3

Differentiators and Key Trends

4

Solutions and Service Offerings

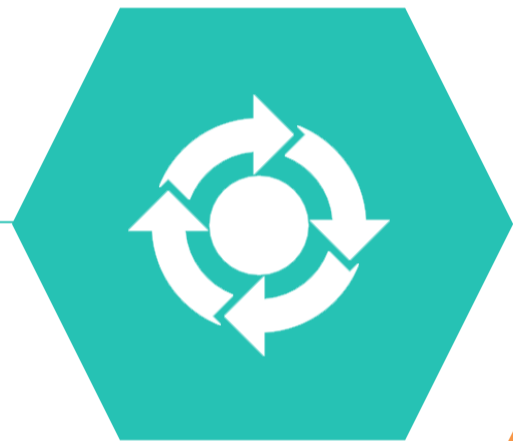

5

Representative Experiences

Dotbits Emerging Offerings

Business Process

- Business Process Outsourcing
- Business Advisory Services
- Technology Advisory Services
- Solution Quality Assurance
- Budgeting Planning & Forecasting
- Financial Modeling & Analysis
- Infrastructure Management

Custom Application Development

- Client Server Technology
- Virtualization
- Private / Public Cloud
- Mobile Technology
- Networking
- Web Based Technology using (X-As-Services)
- Enterprise Content Management
- Business Intelligence Data warehouse
- Big Data and Data Science

Consulting

- Customer Experience Management
- Service Effectiveness
- Retention Analysis
- Financial Modeling & Analysis
- Performance Management
- Solution Strategy
- Solution Architecture
- Business Assessment

Key Trends

Cognitive Application Development & Structured Process Automation

- Machine Learning Adoption across Industry
- Build an Artificial Intelligence in the Cloud
- Naturalistic Decision Making and Critical Thinking
- Automation Discovery assessment to identify opportunities
- Digital Automation Solutions and frameworks
- Prescriptive tools that can integrate and augment client investments

Cyber Security AI & Deep Learning Solutions

- Protect Information in Big Data, Cloud & Workstations
- Discover confidential information of your company
- Sensitive Intelligence
- Data Security
- Threat detection
- Fraud discovery
- Risk assessment/Risk management
- Regulatory compliance

Digital Transformation Consulting- Solutions and Services

- Digital Strategy & Innovation
- Digital Technology Enablement & Integration
- Digital Marketing Strategy
- Digital Operating Model & Governance
- Digital Content Strategy

Dotbits Strategic Partner

Dotbits promises to be a strategic partner by providing solutions that Accelerate, Optimize, Innovate...

ACCELERATE

- Faster Service Delivery through a Analytical Platform
- Next Gen Intelligent Analytics
- Consulting frameworks and roadmap

OPTIMIZE

Efficient Operational, technical & process through –

- Our dedicated service lines like -
- Information Architecture
- Performance Management
- Delivery Assurance Group
- Data Integration Group
- Strong Technology Landscape

INNOVATE

Better Solutions through continuous improvements and innovations

- Dedicated Innovation Focus
- Ongoing productivity improvement
- Embedded Process Standardization
- Continuous Improvement
- Ready to use innovation frameworks like
- Enterprise Data Clarity
- Behavioral BI and Content Analytics

Your Strategic Partner

Skilled in multiple Service areas

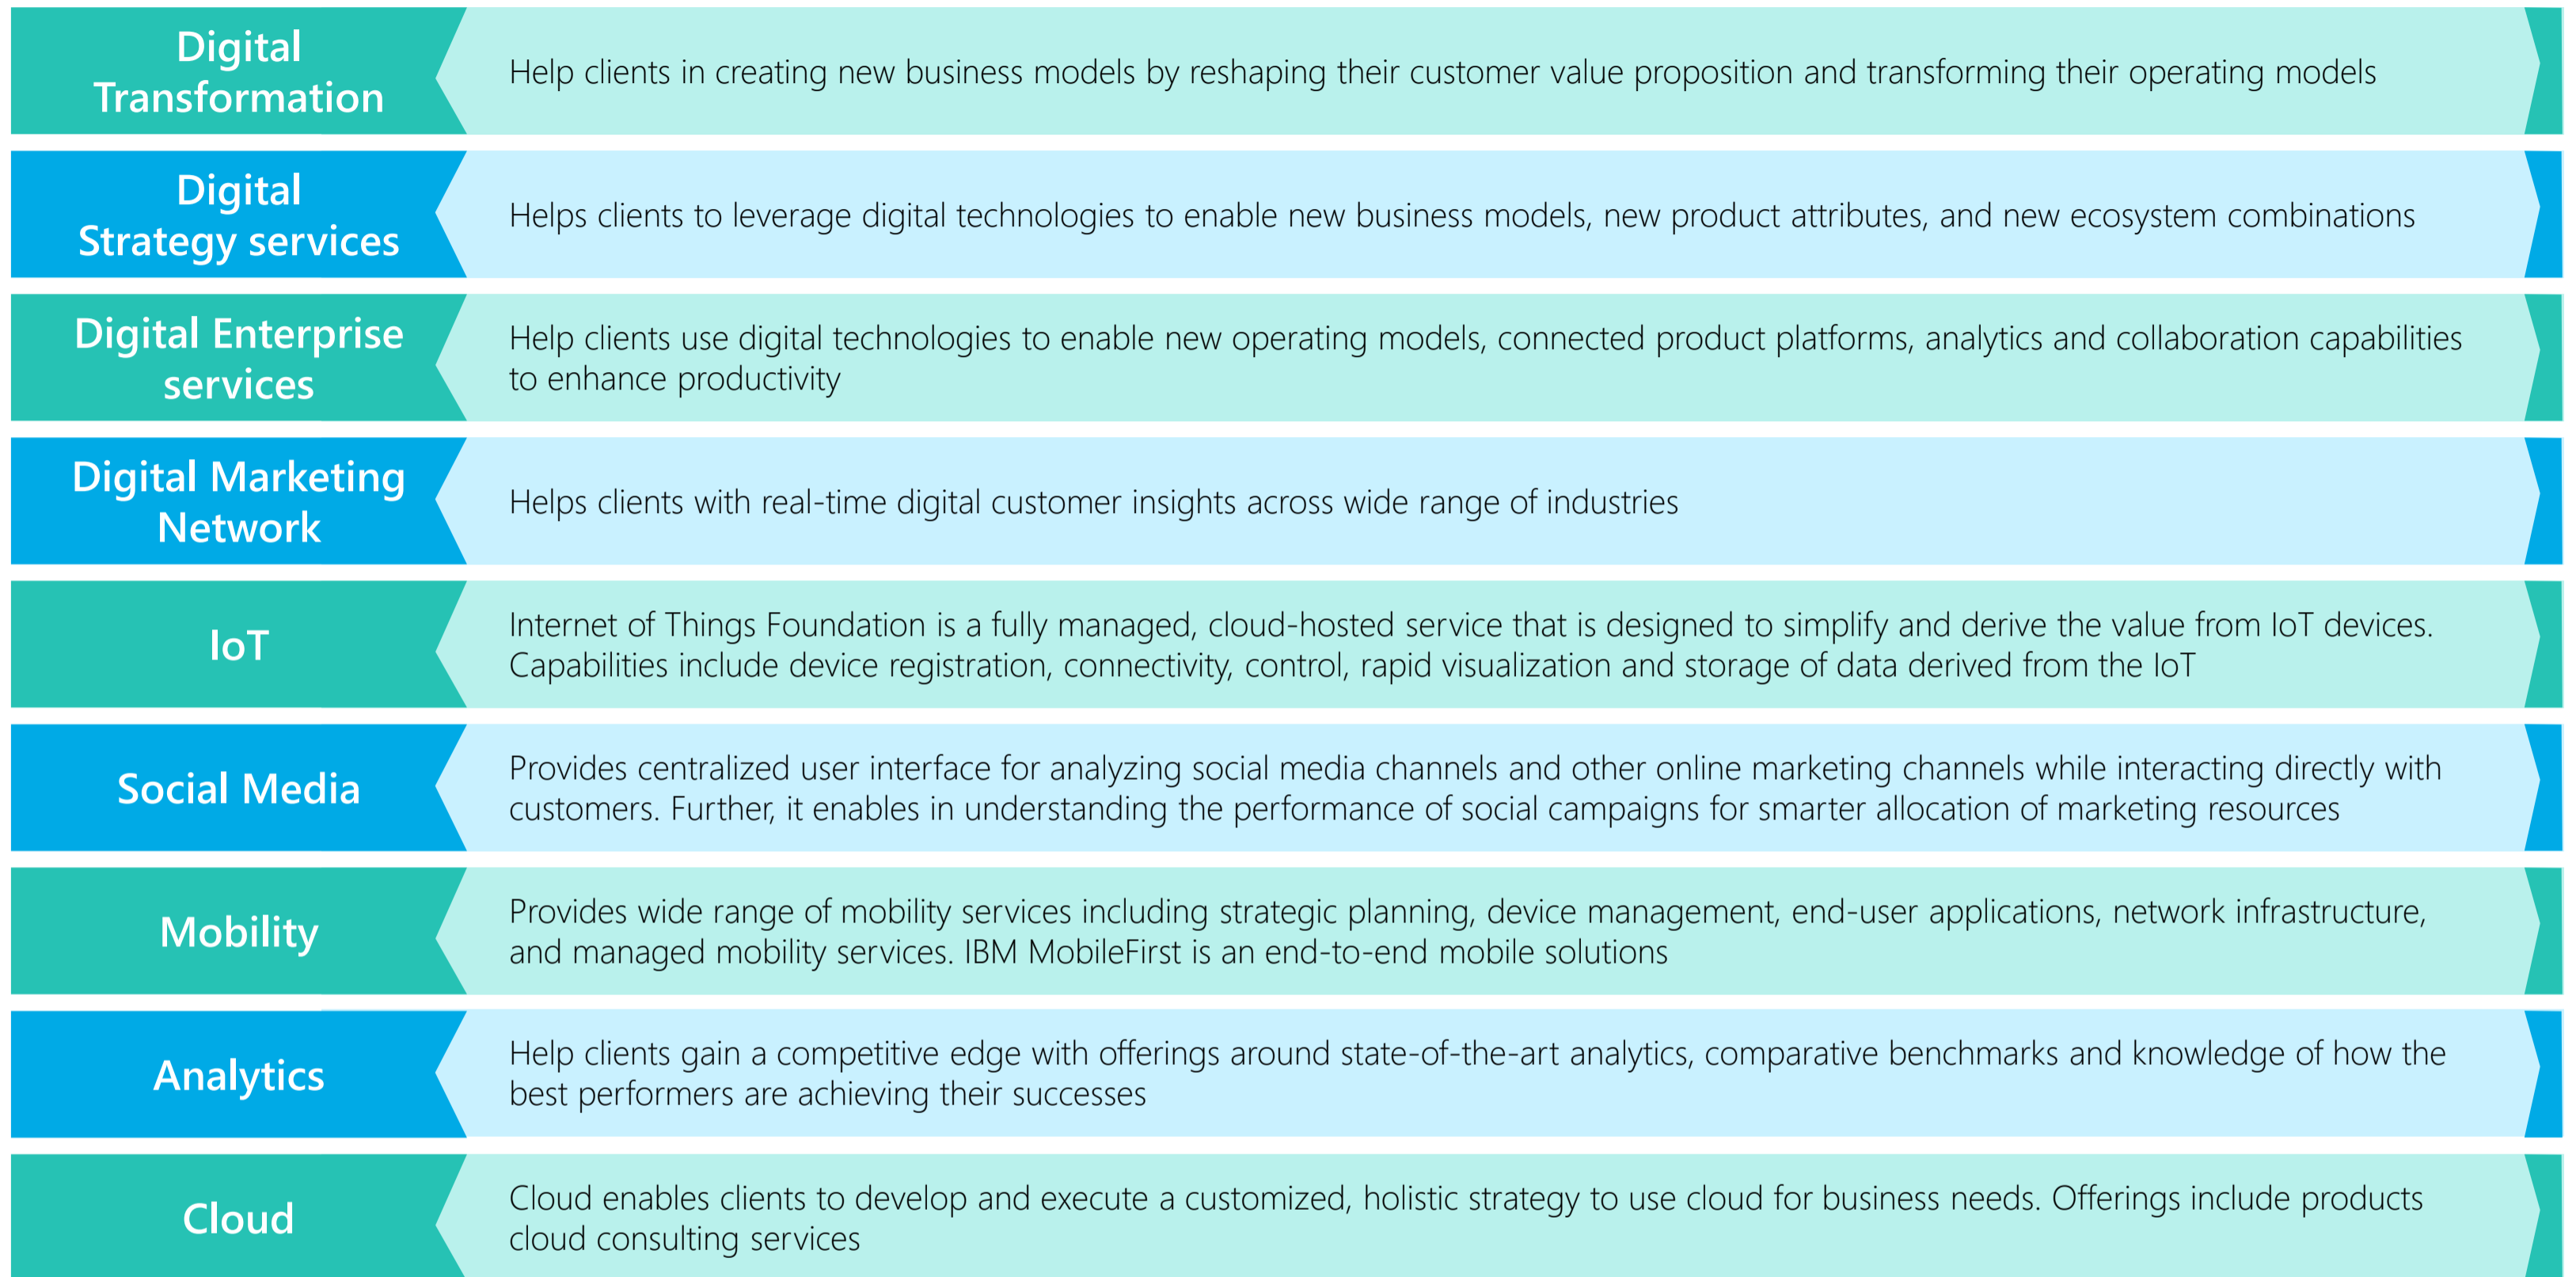

Global footprint – North America & Asia Pacific

Demonstrated Experience with multiple product solutions & innovate services

Digital Solutions and Services

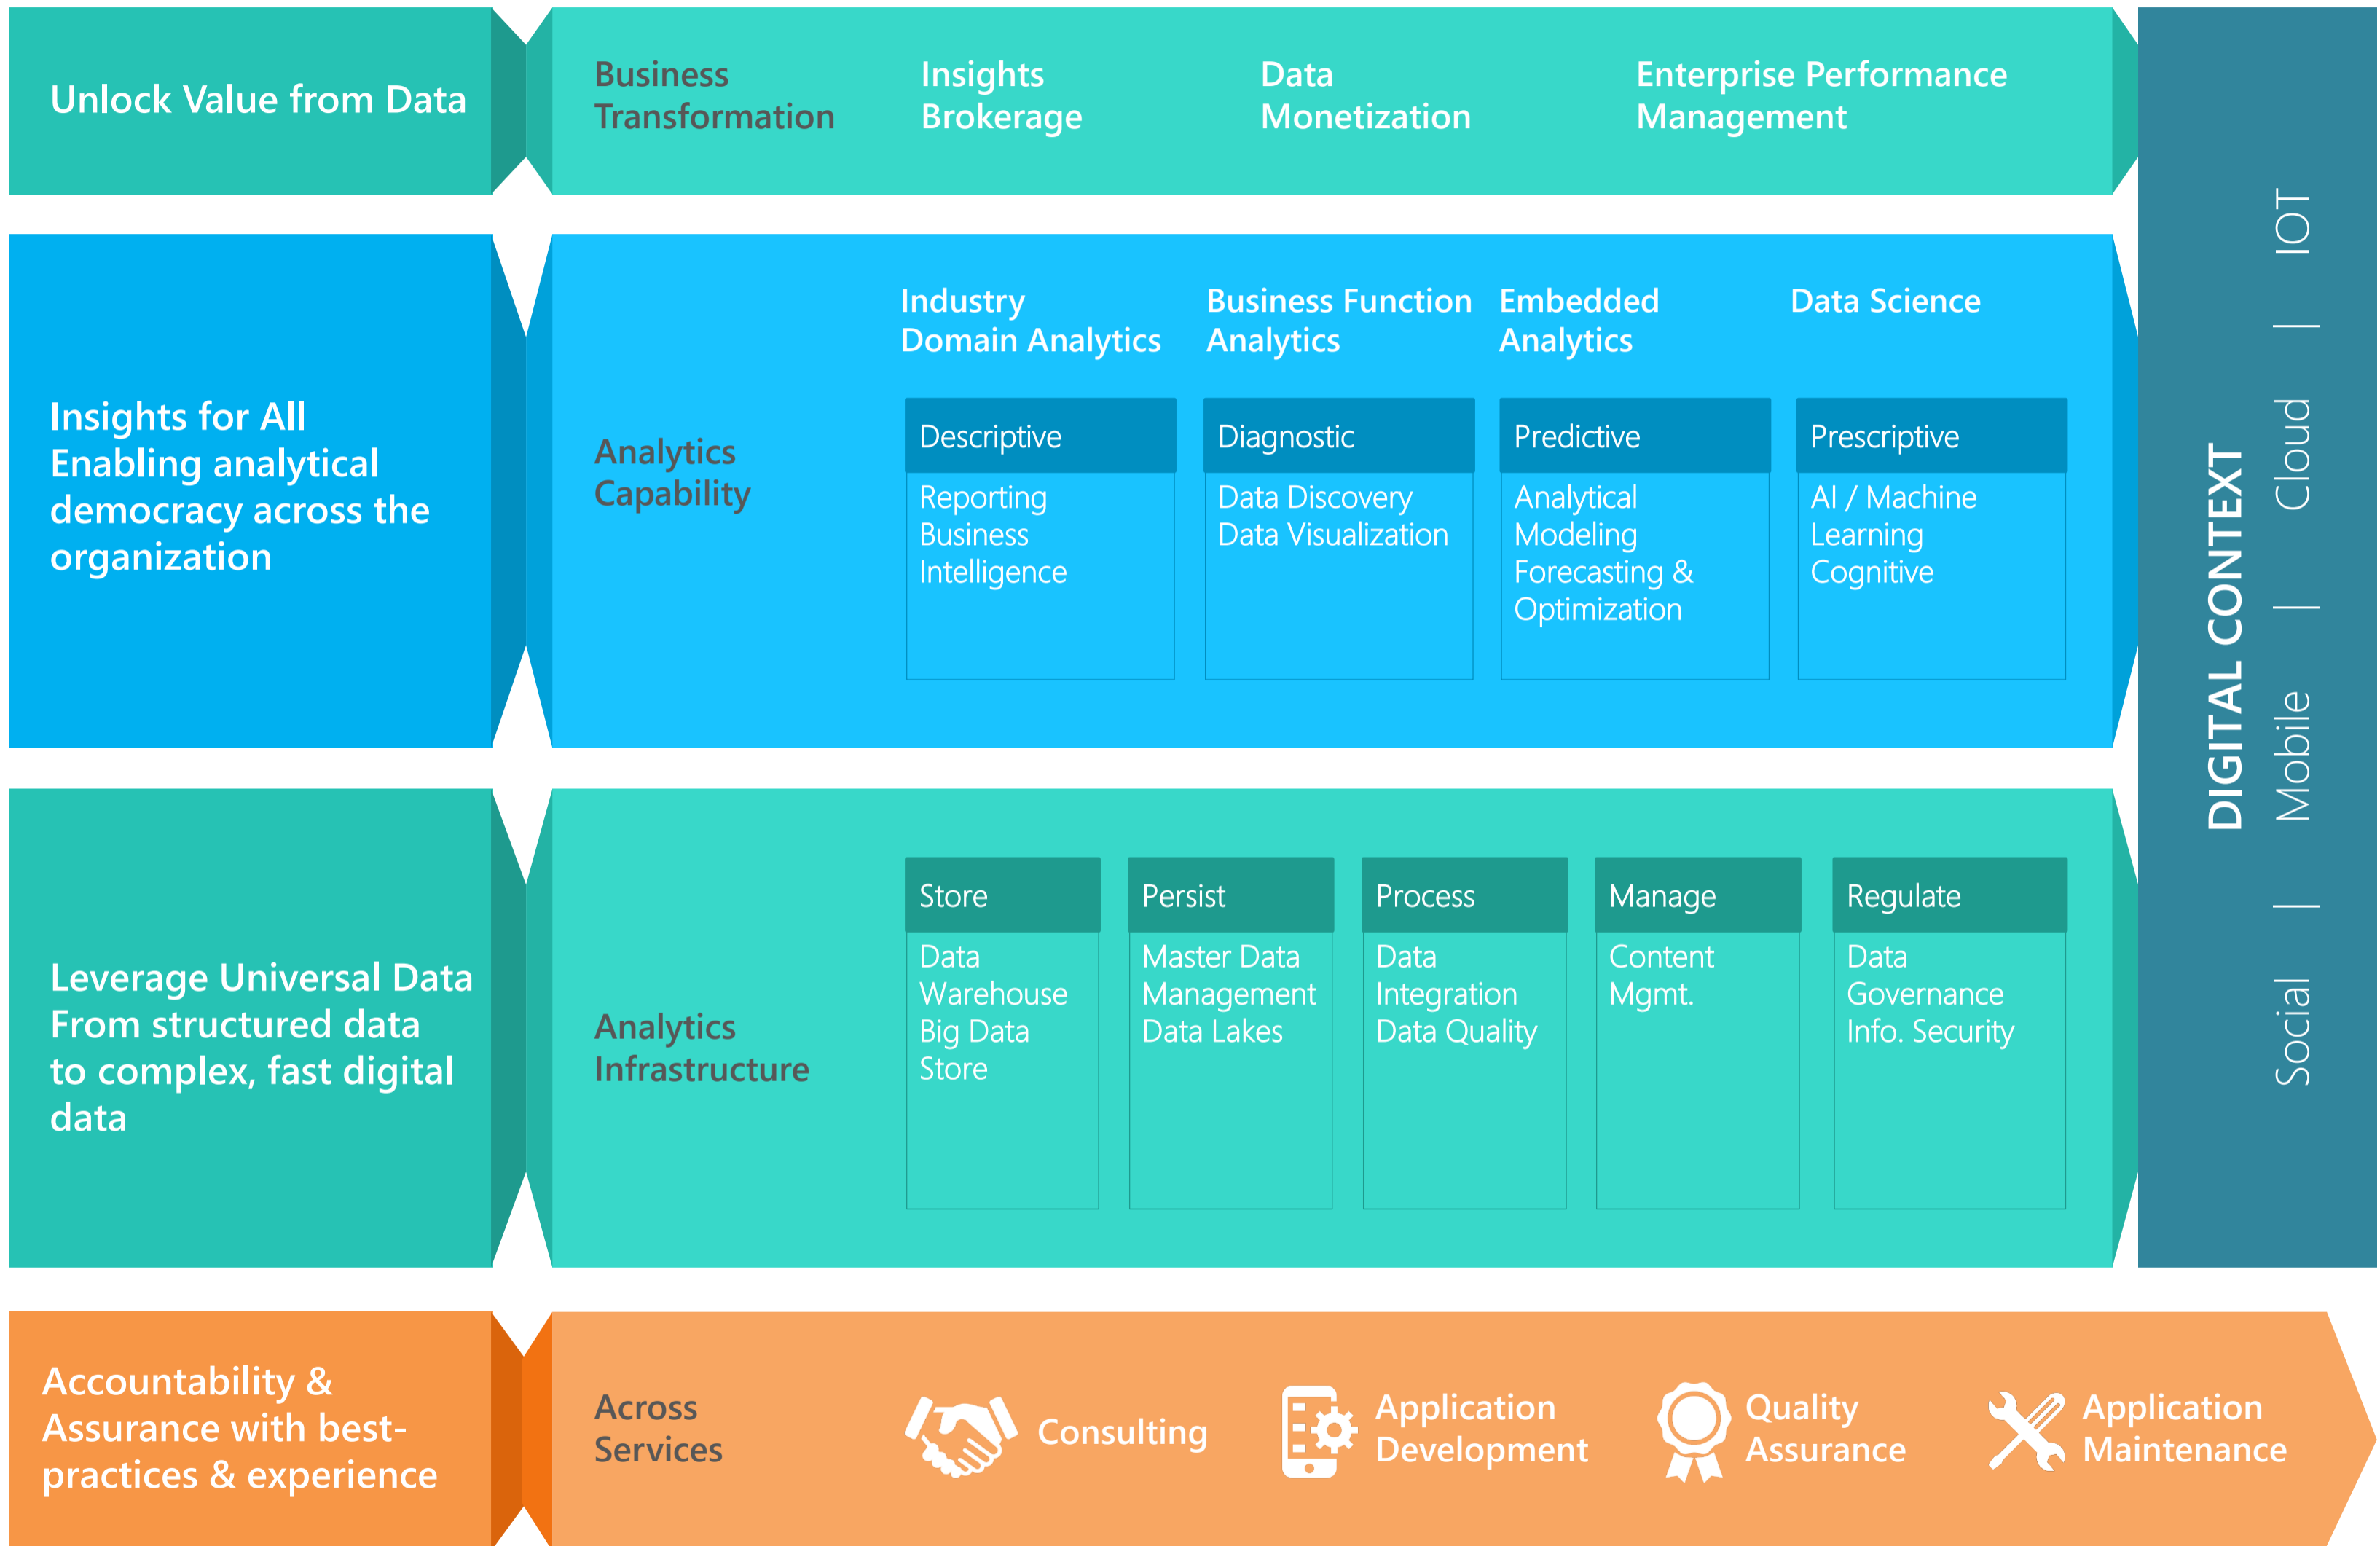

DIGITAL INDUSTRY

BIG DATA ANALYTICS

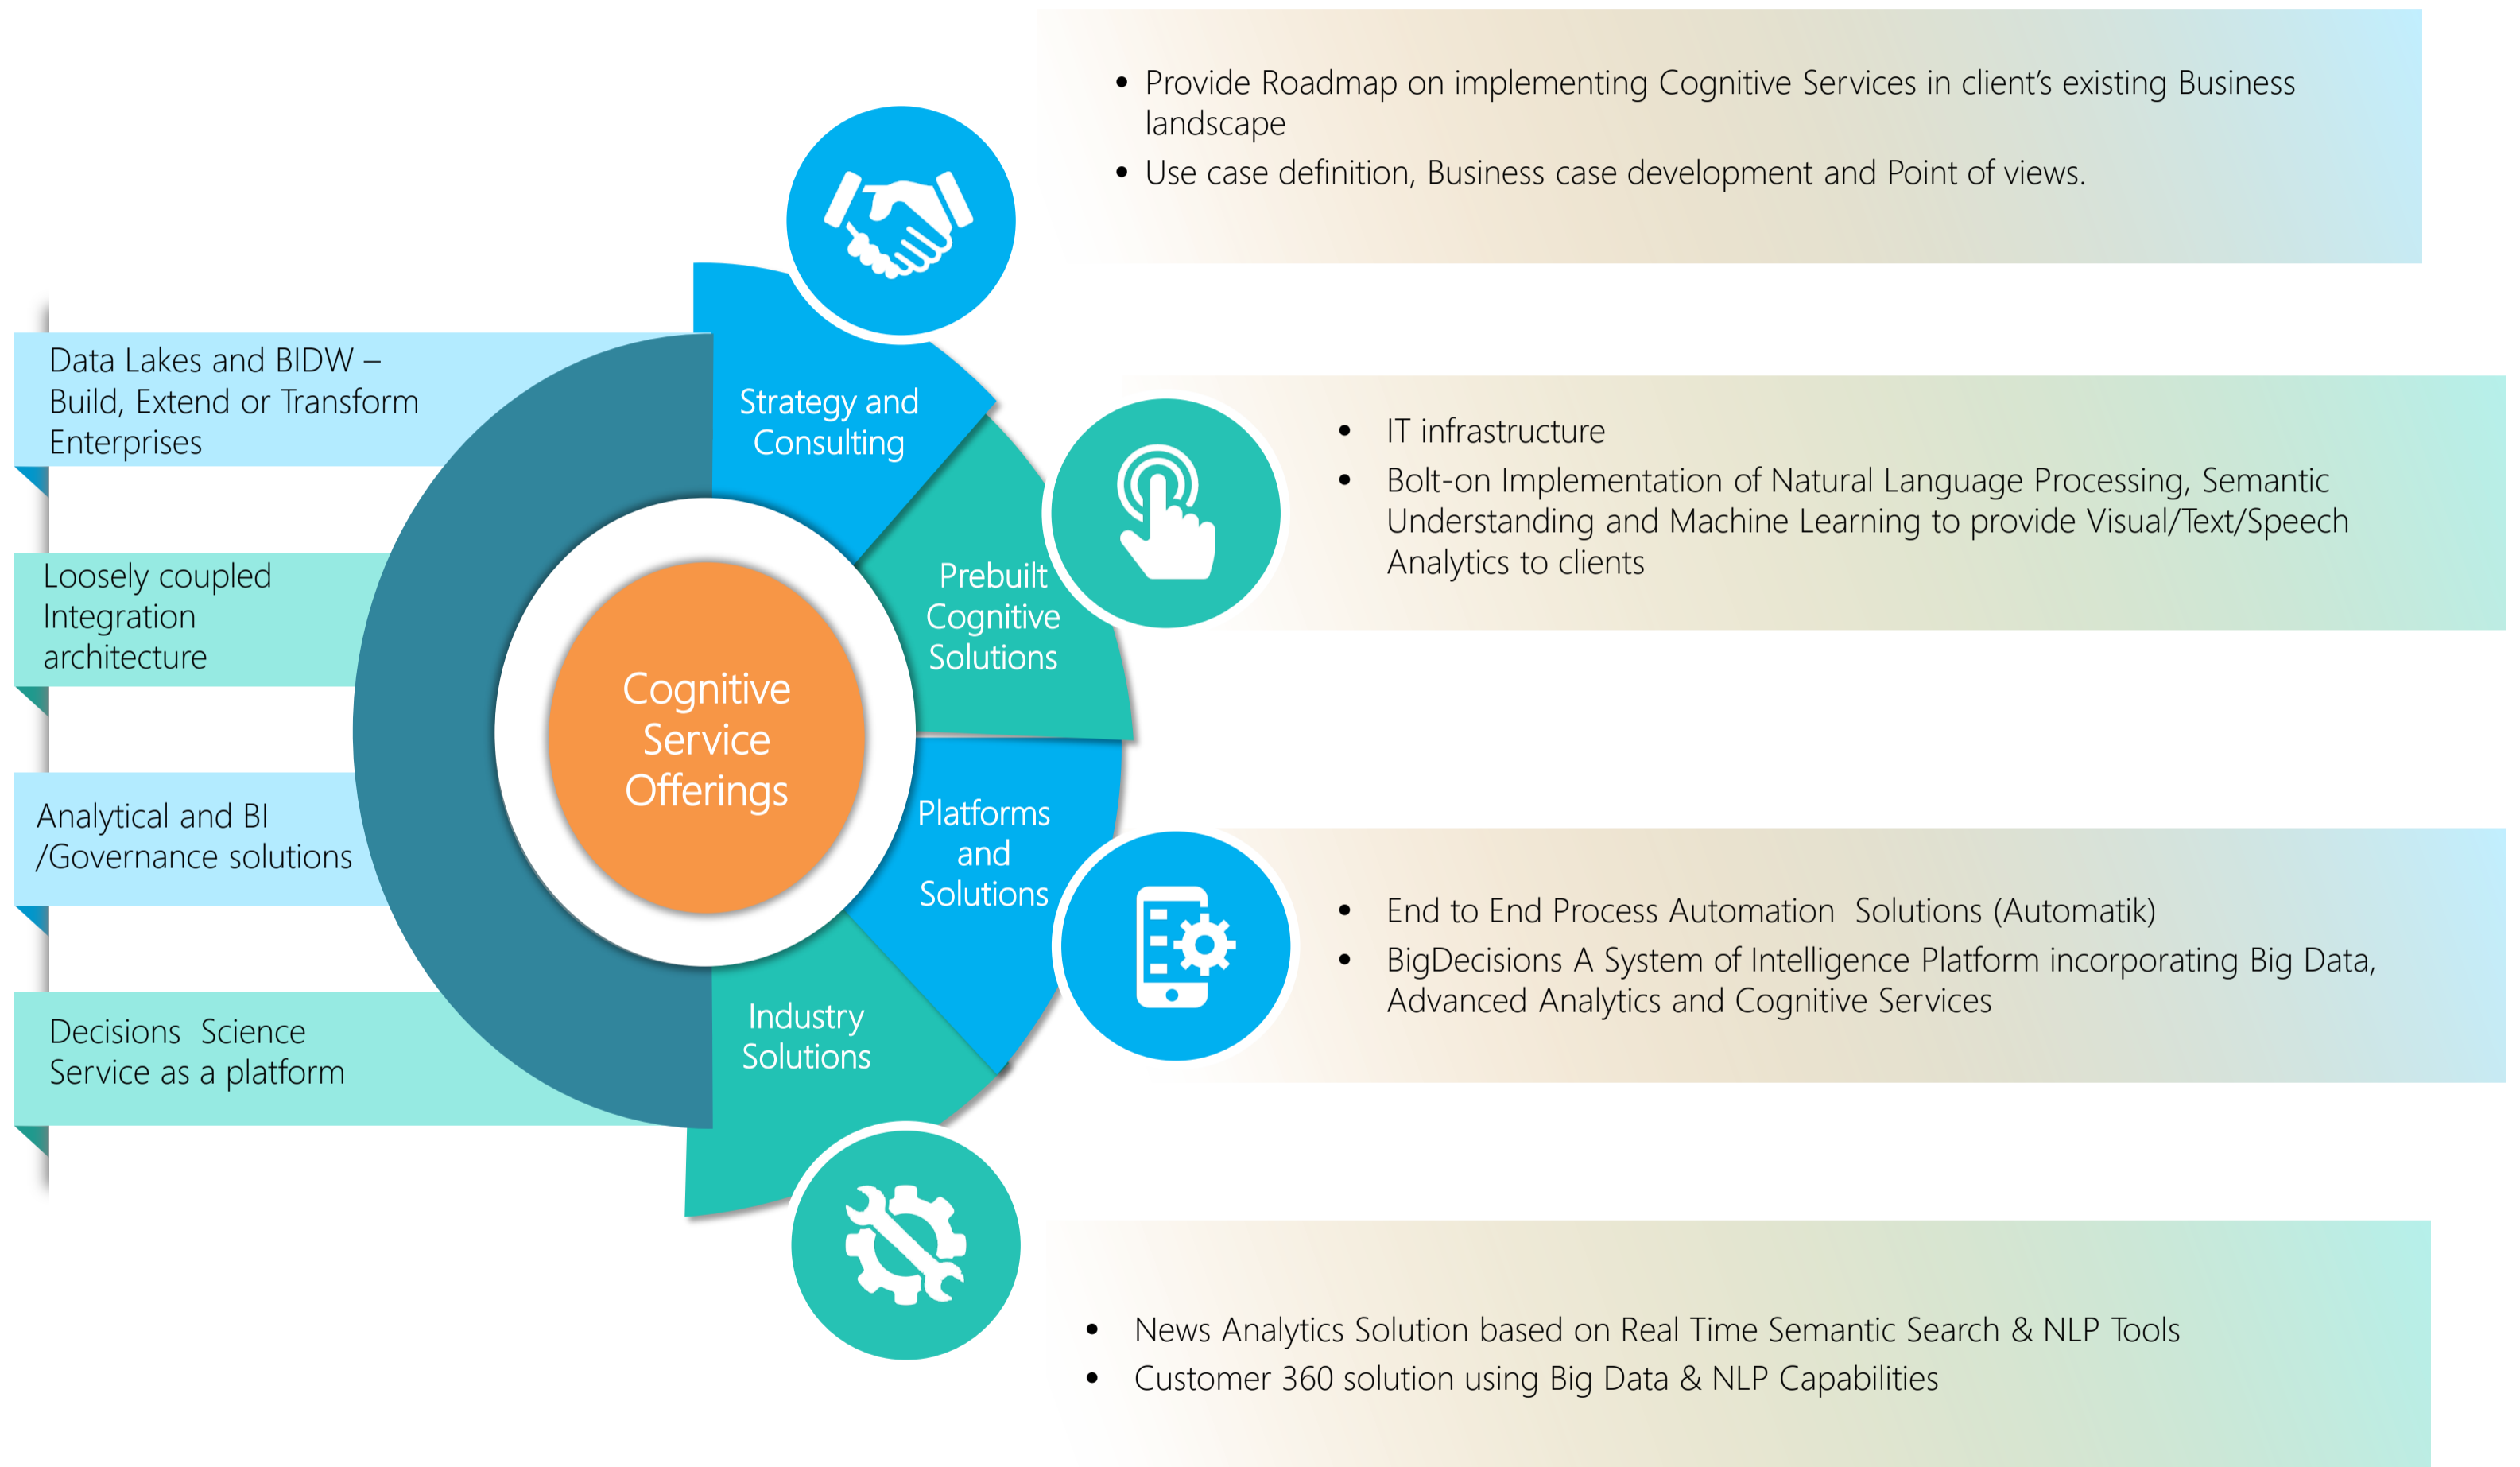

CLOUD COMPUTING

MACHINE-TO-MACHINE

Intelligent Analytics. We do end to end.

Cognitive Services

Digital Automation Application Development Services

OPERATIONS AUTOMATION

Structured process Automation

Account Management

- Application mgmt.
- Infra mgmt.

Event Management

- Batch Job & Workload mgmt.

Monitoring

- Application, Log, Predictive & Standard

Run book

- SOP related requests/errors

Communication

- Templated Messaging

INTELLECT AUTOMATION

Guided and Cognitive Automation

Issue Discovery

- Issue Registry diagnostic
- Issue Simulation diagnostic
- Breakdown diagnostic &
- Consequence diagnostic

Data Intelligence

- Analysis of Ticket Topology
- Application Capacity Prognostic
- App-Infra behavior Prognostic
- Event prognostic

BUILD & DEPLOY AUTONOMATION

Application Lifecycle Automation

Managed apps. Automation

- Requirement
- Estimation
- Application Designing
- Application Development
- Deployment (Release)
- Application Testing - Functional, Regression, Non Functional Testing etc.,

Intelligent Process Automation Solution

Act | Think | Visualize

The background features a white triangular shape pointing upwards, centered on the page. The area above the triangle is filled with teal and blue geometric shapes. The top-left corner is a light teal triangle. The top-right and bottom-right areas are filled with a darker blue. The bottom-left area is white, matching the triangle.

We believe in your success...

Thank You!
